

Annotated programme of work, Intersessional Meeting, 7-9 April 2014

10:00 – 13:00, Monday 7 April, 2014

Opening of the Meeting by the President of the 4MSP

The President of the Fourth Meeting of States Parties (4MSP) to the Convention on Cluster Munitions (CCM) will make opening remarks outlining expectations for the meeting.

It is the Presidency's hope that the intersessional week will be influenced and recognized by informality and collaboration as captured in Action #1 of the Vientiane Action Plan (2010) emphasizing the need to continue to further develop the strong partnerships that underpins this Convention.

As this is an informal meeting, statements of a general nature are not anticipated. Rather, the Presidency encourages statements focused towards the thematic areas of the respective working groups.

The President will present the programme of work for the Intersessional Meeting and provide a short review of work undertaken since the 4MSP. The President will welcome delegations' statements as important contributions to *the San José Progress Report* which will be resented by the Presidency of the 4MSP at the 5MSP.

The President will then invite the Coordinators of the Working Group on Universalization, *Ghana and Norway*, to chair the next session.
